Dear Licensee:

This refers to the above-mentioned application dated July 6, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that the station has experienced an unanticipated problem with the station's transmitter and can only produce about 40% of its authorized power.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on January 10, 2019.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

Kevin R. Harding
